1 Vision Software Installation

All Vision Software and associated files are located on the supplied USB flash drive. There are no CD's for this installation. To begin the installation, insert the USB flash drive into an available USB port on your computer. The computer will recognize the USB drive and the following screen will appear. Select Continue without scanning.

Then select Open folder to view files.

Locate the file named Start and double click on the file to start the installation. The screen below shows Start.exe, but your computer might not show the .exe portion.

Select your machine from the Manufacturer list on the left side of this window by clicking in the box to the left of the machine (or machine series) you own. The right side of the window will list a selection of Output Devices. Only put a check mark in the box(es) to the left of the Output Device(s) you own. Then select Next. If you purchase another engraving system from Vision, it can be added to the machine list at a later date from within the Vision software.

C\Vision Express 9\Fonts Browse
OK Cancel

Select OK. All fonts and clipart have been installed from the USB drive at this time.

Select OK to return to the main installation screen.

Font Installation
Thank you for using the Vision Express Font Installation Wizard. More fonts may be installed later by selecting the Install Fonts option of the File menu in
Vision Express.
ОК

To complete the installation, select Finish.

To close the Software Setup window, select Finish.

Select Exit to close the installer.

The Vision manuals icon should now appear on your computer's desktop along with an icon for your version of Vision 9 software.

Clicking on the Vision manuals link will give the user access to User Manuals, Installation Guides, Accessories and Training Videos.

If you were supplied with an Orange Dongle (orange USB stick), keep it installed in your computer's USB port in order to use the Vision software. If you were supplied with another color USB stick with your machine, it can be removed at this time from your computer. Installation is now complete.
